

SwiftPac Service Guides

Updated June 2019

HOW TO REQUEST CONSOLIDATION SERVICE

NOTE

1. Consolidation means that SwiftPac will put several of your packages together as **one** shipment by **Air or Ocean**. We do not remove cargo from its Original packaging during Consolidation.
2. You must be a **Premium or Commercial** customer to Consolidate.
3. Once you **Pre Alert** your shipments, the system will **Auto Consolidate** two (2) or more packages.
4. Customers requesting Consolidation Service **must PRE-ALERT** their packages BEFORE the cargo arrives at the Miami warehouse.
5. You can now select the Release Date when you want us to consolidate and ship.

Some restrictions apply to the consolidation of fragile items, liquids, soap, hazardous Items and high value items.

Read the **[How to Submit a Pre-Alert](#)** Guide for Instructions on how to Pre-Alert.
